ABOUT PRIMED BALUSTERS

* The primed balusters offered here may be imported and actual products may vary from the illustrations. These balusters are not made by OWM and do not match OWM profiles. They have a gloss white primer finish and should be prepped and painted for best results.

* Pricing and availability of any primed balusters may change without notice, including items noted as in **BOLD AS "In Stock"**.

* Returns of "In Stock" products to OWM must be done within 30 days of purchase and will be charged a 35% restocking fee. No returns are accepted for items that have been modified in any way. Items must be in original packaging. Shipping on all returns must be prepaid by Customer.

* All items not listed as "In Stock" will be **special ordered** and usually ship from our supplier in 1-2 weeks. Outbound shipping charges are additional and are FOB Maple Park IL. Additional inbound shipping charges may be incurred but can be minimized if special orders are placed with OWM stock orders.

Cancellations of special orders are subject to the status of the order. If already staged for shipping, a special order will be subject to a 25% restocking fee if cancelled or changed.

* Contact Customer Service before returning any special order products so we can request a Returned Goods Authorization number from WM Coffman. The RGA number must be referenced on the return and is valid for 30 days. Authorized returns are limited to merchandise purchased from OWM during the last 30 days and are subject to a 50% restocking fee.

Products must be in their original condition and packaging and be in good, saleable condition. Freight must be prepaid on any returns.

* No products that have been installed, cut, painted or modified in any way will be accepted for return unless proven to be defective. WM Coffman's products are warranted to be free from manufacturing defects in material and workmanship for a period of one year from the date of shipment from their warehouse. Please inspect your order thoroughly as soon as you receive it and prior to installation and notify us immediately if any items appear to be defective. Claims for shortages or defects must be submitted immediately. Verify quantities and note any damages on the Bill of Lading before signing. Labor for installation or replacement of defective parts or consequential damages is excluded.
